Re: Condor Environmental, Inc.  
Regulated Wastewater Utility  
Transfer to Condor Environmental, LLC

Dear Mr. Terreni:

Condor Environmental, Inc. is a regulated wastewater utility under the Public Service Commission/Office of Regulatory Staff. My tax advisor has recommended that Condor place all assets that contain real property into a LLC.

This letter is to request that the Public Service Commission/Office of Regulatory Staff transfer Condor's regulated wastewater utility status to its sister company Condor Environmental, LLC. Condor Environmental, LLC will accept all of the duties and responsibilities under the Public Service Commission and Office of Regulatory Staff that are currently the responsibility of its sister company, Condor Environmental, Inc.

Please contact me if you have any questions or need any additional information.

Yours truly,

Samuel D. Weaver
